Thank you

to our donors, volunteers, members of our wellness team and everyone who contributed to the past year at the WICWC.

The best way I can summarize this past year is to do so in a word ...GRATITUDE. First of all, I am profoundly grateful to the participants who entrust the WICWC with their wellness. Watching the transition from fear to relief is awe inspiring. I am also extremely grateful to our staff and volunteers who work tirelessly to make the WICWC what it is. To be surrounded by people whose only goal is to ensure that the participants are treated with respect, kindness and professionalism is incredibly admirable. And lastly, I am forever grateful to our donors. Because we receive no financial support from the hospitals, government, Centraid or the Canadian Cancer Society, we rely solely on the support of our community. We realize that there are so many fantastic charities to support, and that we are chosen by these individuals, companies and foundations, is heartwarming. These contributions represent their belief in the impact and importance of what we do for the cancer community. THANK YOU!

This past year we had to say good bye to 3 employees who had been with the Centre from the beginning: Kelli Diorio, Penny Dexter and Lois Maeder Alves. I am profoundly grateful to these 3 amazing women for helping to create the WICWC. But with change comes opportunity. We were extremely fortunate to find dynamic, warm hearted, passionate women (Maggie Costa, Louise Bilodeau, Patricia Price & Denyse Boivin) to reenergize and inspire change and growth.

Looking ahead into the future, we see the need for our services growing. Although we have loved being in a small farm house in Beaconsfield, we know that we must grow the facility to respond to those needs. We have purchased a piece of land in Kirkland and we will build a customized home to better serve those living with cancer. This new, exciting project will transpire over this and the next fiscal year. Please visit our website for updates and for opportunities to contribute to the legacy.

Wishing you all wellness,

A handwritten signature in black ink that reads "Debbie".

WICWC Founder & Executive Director**

MISSION

West Island Cancer Wellness Centre exists to empower people who are experiencing cancer by providing them with compassionate support and comprehensive information for mind, body, and spirit.

WHO WE ARE

West Island Cancer Wellness Centre (WICWC) is a registered charity dedicated to offering compassionate care and support to anyone experiencing cancer - either having it themselves or supporting someone with cancer.

We believe in a whole-person integrated approach to wellness that focuses on improving the health and well-being of people living with cancer by addressing their emotional, physical and spiritual needs. All of our programs and services are **FREE OF CHARGE** and are created to support and complement traditional medical practices.

WHAT IS THE WICWC?

VISION

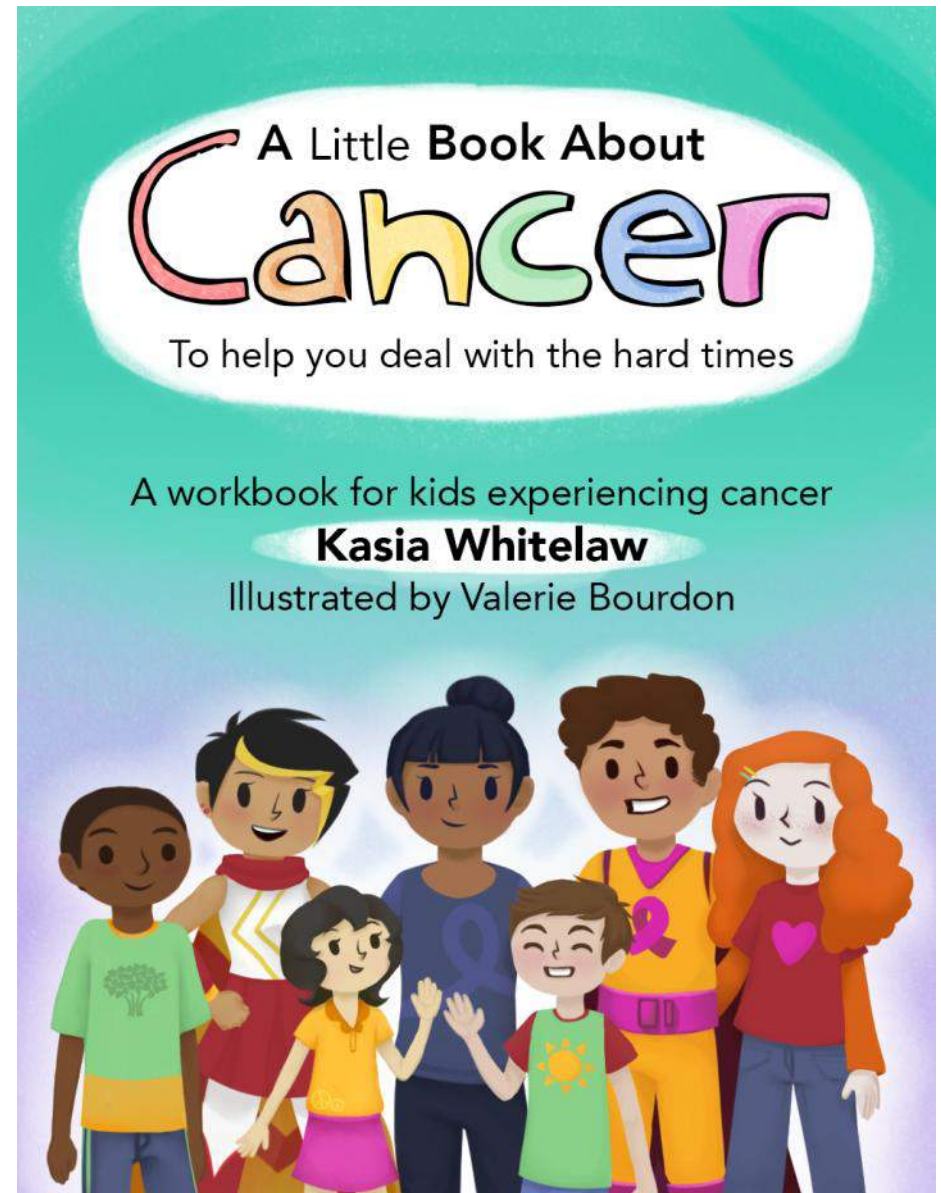

Financial sustainability and a larger facility to address the growing cancer crisis in Quebec and continue to provide people living with cancer, the benefits of a whole-person integrated approach to wellness.

A LITTLE BOOK ABOUT CANCER

A Little Book About Cancer is designed to help children who are experiencing cancer – through a parent, grandparent or other family member – deal with the hard times. Cancer can be confusing and scary for children. This workbook is a tool adults can use to open dialogue about the difficult topics of cancer in an interactive and creative way.

We are happy to be able to offer this book to you at no charge thanks to our very special partners Amgen, Boehringer Ingelheim, Merck, Novartis and Sanofi.

“Tuesday is the happiest day of my week, when I feel the gratitude of the participants who have shed a layer of worry and stress”, *Professional*

“This is a big thank you for your help and support you gave me a few years ago. You may not remember me but you had a fantastic influence on me having helped make THE big decision... we have been living on the Gold Coast in Australia for nearly two years now and still can't believe our luck to be 5 minutes away from the ocean enjoying a very healthy lifestyle with our two sons. My main focus continues to be my family with time set aside daily for Tai Chi by the ocean, QiGong and stunning walks on the beach. Congratulations on the success of your wellness centre, *Participant*

“May I take this opportunity to say THANK YOU to all. My daughter's visits to the wellness center were priceless. From the staff to the professionals, I believe her visits were so important to her well being, her survival, her peace. Living with cancer is indescribable. I believe the support, friendship and connection she experienced at wicwc gave her strength. Thank you for everything you have done for my beautiful daughter. I pray every day we will not need you again...:)”, *Caregiver*
